- **Tools & Methods:** Git, Microservices Integration, EDI Compliance, Code Reviews.

PROFESSIONAL EXPERIENCE

The Idea Compiler | *Senior Software Engineering Consultant* | May 2025 – Present

- Serve as a core team member developing a healthcare transaction system based on EDI files compliant with the 005010 X217 standard.
- Focused on the X215 standard implementation, accelerating feature readiness for testing and resolving critical defects.
- Directly collaborate with client engineering teams to manage deployments across multiple environments and perform code reviews.

ONYX IQ | *Software Engineering Consultant* | Nov 2023 – May 2025

- Optimized codebase performance and reduced server calls by implementing an efficient caching mechanism.
- Developed new features while maintaining high standards for server-load efficiency.

Igd Solutions Corp | *Full Stack Developer* | May 2021 – Oct 2023

- Developed and adjusted the existing codebase to accommodate new features and integrated microservices.
- Performed technical code reviews to ensure quality and adherence to best practices.

Outsource Insurance Professionals | *Full Stack Developer* | Jul 2020 – Apr 2021

- Managed full-cycle development (frontend and backend) for various company-wide projects.

Ivs Freight | *Backend Developer* | Jun 2020 – Mar 2021

- Maintained server-side code, implemented new features, and adjusted existing functionalities for production readiness.

E-hoi GmbH | *Full Stack Developer* | Feb 2020 – May 2020

- Delivered full-stack solutions for diverse internal projects.

VTŠ Apps Team | *Web Developer* | Nov 2016 – Jul 2019

- Participated in the selection and training of new team members, providing mentorship in PHP and Laravel.

EDUCATION

Bachelor of Computer Science | Visoka tehnička škola, Niš | Oct 2015 – Jul 2018
